QuizNia - Online quiz web app, 2 Months

- As part of our coursework for our computer science degree, we developed a quiz Web app.
- The quiz Web app was built using HTML, CSS, JavaScript, and its framework React, with a MySQL database to store user and quiz data.
- My role in the development of the quiz Web app includes designing the interface and implementing key features.
- I worked closely with a team of three other developers to integrate the front end and back end and ensure a seamless user.
